Target Your New Wildcat Rewards Customer

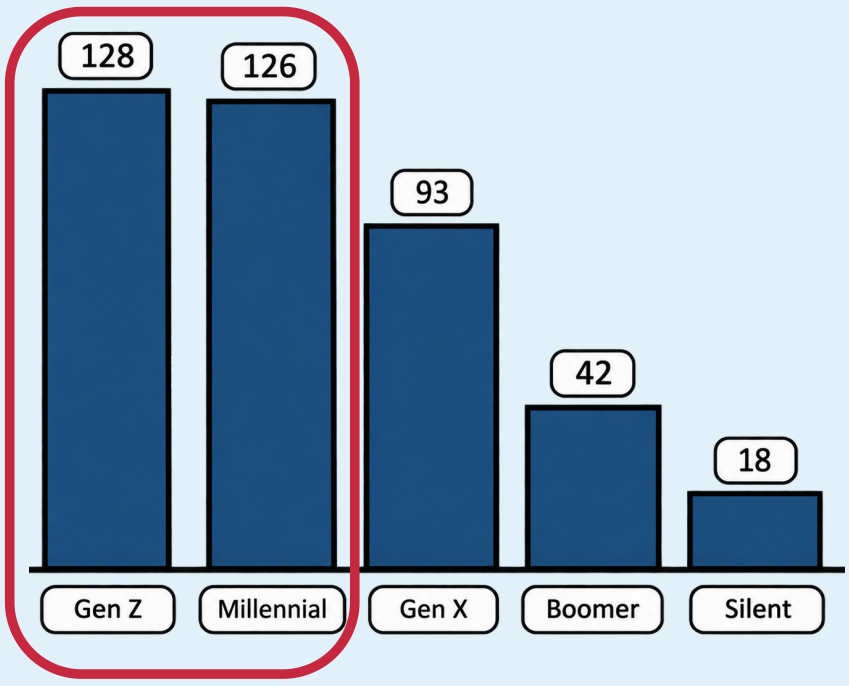

Presented by A2Z CONSULTING

Cultivating a New Generation of Cardholders

- Out of 2,000 candidates, 407 prospective pilot participants nationwide were identified with a 670 FICO, but **no** Bear Down credit card
- Strongest opportunity for new credit card acquisitions are Millennials & Gen Z
- Starting to establish their credit history and grow financial relationships

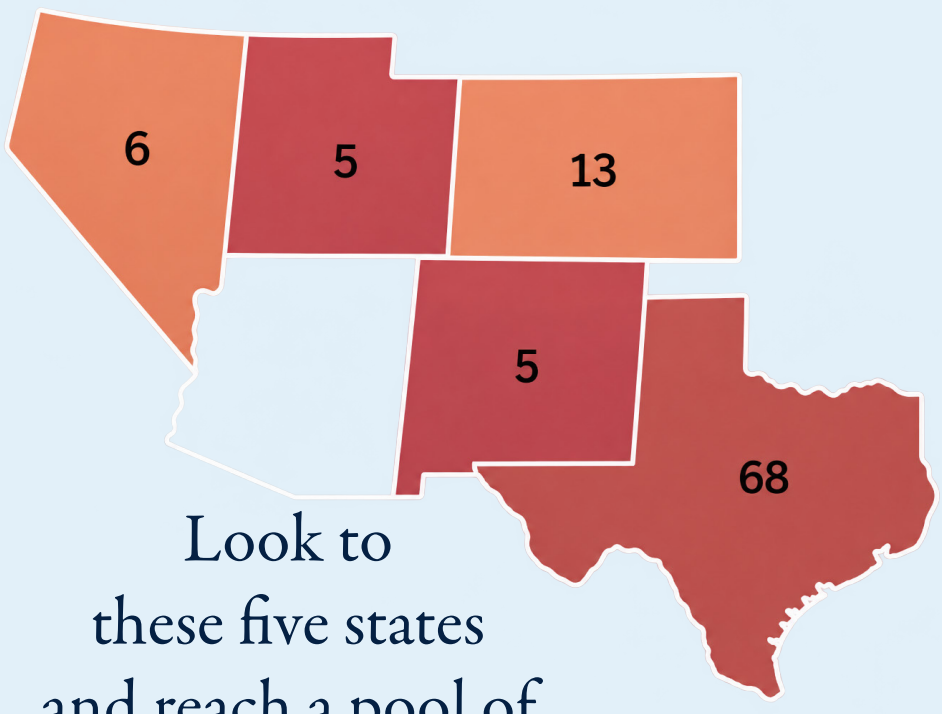

Win Them Early!

Become their first choice in financial services

Don't limit your Pilot to Arizona...

Look to these five states and reach a pool of 97 solid prospects!

High-Potential Markets

- 97 qualified prospects identified in five southwestern states that meet original criteria
- These states have the lowest percentages of credit card holders nationwide
- Focus on this group to maximize marketing impact and improve campaign efficiency
- Use findings to evaluate customer response and future pilot expansion opportunities

Look to New Growth Opportunities

- Expand beyond home market of Arizona to expand the pool of pilot participants
- Capture untapped demand by entering markets with lower credit card penetration
- Create opportunities to gain new customers
- Strengthen position in new markets and build the foundation for future customers relationships
